

Visiting Cat Paradise

Adopting from our partners

What is Cat Paradise?

- Cat Paradise is an adoption lounge which LUNI Singapore partners with to rehome some of our adult rescue cats
- Cat Paradise acts as a fosterer for LUNI's rescues. As they are a lounge, potential adopters can meet many cats at once!
- **If you are thinking of adopting, but still not very certain on what kind of cat would suit your household, consider visiting Cat Paradise as it is a chance to meet many cats at once**

Our Cat Paradise Adoption Process

Book a visit

Interested adopters can **book a visit directly** with Cat Paradise through their **website** or on **WhatsApp**.

Visit the cats!

Head down to Cat Paradise during your scheduled appointment and interact with our lovely adoptable cats.

If you were referred by LUNI to visit a specific cat, let the staff know by **asking for their names** or **showing a picture**.

Adoption screening

If you see anyone who you'd like to adopt, fill in the **adoption enquiry form** on LUNI's website.

The adoption screening manager will get in touch via WhatsApp as soon as possible.

Adopters should be ready to adopt in the **next 2-3 weeks**.

Cat safety screening

Applicants will be asked for a home video to check for **cat safety instalments** and **other home hazards**.

At this stage, you should have **meshing plans in place** and be prepared to **show a video of the meshing done** or **documents showing meshing will be done in the next 2-3 weeks**.

Second meeting and adoption

Shortlisted applicants who meet the screening requirements will be asked to visit Cat Paradise for **a second formal meeting** with a LUNI representative present.

Next steps on the adoption will be discussed here.
